Testimonials

“Being able to send text messages has been the most impactful, as I can remind clients about their action items and appointments. I also feel more organized, as Pathways allows me to be more consistent with individuals and I am keeping better track of the outcomes.”

Stephen at Community Credit Union of Southern Humboldt, California

“The database has made counseling more successful by allowing me to track products used, measure savings and reach out via text to remind my clients about...tasks that need accomplishing.”

Jonathan at Opportunities Credit Union, Vermont

“We have greatly benefited from using the Pathways system. Prior to starting the pilot, we did not have a formal counseling program in place...Pathways has helped us to have structure in our counseling sessions with members. It is also very helpful when we are training new counselors.”

Kathy at New Orleans Firemen’s Federal Credit Union, Louisiana
